

LC300CCW PORTABLE CLOSED CIRCUIT PLANT

The LC300CCW Portable Closed Circuit Plant is one of Lippmann's most versatile plants having a large 300Hp cone crusher with a substantial 6x20 triple deck screen, and is suitable for any application. This plant pairs well with many of the Lippmann Jaw Plants, and can work together for optimal production.

- 300 Hp Cone Crusher
- Bushing type cone with superior speed throw and cavity design
- Multiple liner configurations
- 4 axle carrier
- Large walkways around cone and screen
- Low feed conveyor height for ease of getting material onto plant
- 3 product discharge conveyors
- Cone hydraulic adjust and release

LC300CCW

SPECIFICATIONS

Crusher	LC300
Feed Conveyor	42"x35'
Over Screen Conveyor	42"x23'
Transfer Conveyor	36"x6'
Under Cone Conveyor	42"x25'
Under Screen Conveyor	60"x25'
Cross Conveyor	18"x11'
Cross Conveyor	18"x11'

Horsepower	
Cone Crusher	300
Screen	50
Overscreen Conveyor	15
Under Cone Conveyor	15
Transfer Conveyor	5
Feed Conveyor	20
Underscreen Conveyor	15
Cross Conveyor	7.5
Cross Conveyor	7.5

Transportation (lbs)	
Cone Plant	
Tires	11R22.5
Quad Axle	80,200
King Pin	55,800
Total Weight	136,000

ADDITIONAL OPTIONS

Hydraulic leveling jacks - (4) 70,000lb
Six (6) Run-On Jack Legs

NEMA - 12 motor control center
Tire Bulkheads
